Symbol information

PROTECTION AGAINST ELECTRIC SHOCK

CLASS	SYMBOL	DESCRIPTION
0		No earthing protection.
I		Earthing protection foreseen.
II		Supplementary-insulation, but no earthing protection.
III		Foreseen for low voltage safety power supply.

PROTECTION AGAINST INFLAMMABILITY

SYMBOL	DESCRIPTION
	Units not suitable for installation on normally flammable surfaces. (only suitable for installing on non-flammable surfaces)
	Units suitable for installing directly onto normally flammable surfaces.
	Units suitable for installing in or onto normally flammable surfaces, when thermal insulation material can cover the unit.

QUALITY STANDARDS INFORMATION

SYMBOL	DESCRIPTION
	These products are manufactured in conformity with the European lighting standards
	These products are manufactured in conformity with the European lighting standards and Turkish standards.

SYMBOL INFORMATION

SYMBOL	DESCRIPTION
	Hole size to be drilled on the ceiling, required for the recessed luminaires.
	Minimum distance between the luminaire and the surface to be illuminated.
	Vertical rotation of angle of the adjustable luminaires.
	Horizontal rotation of angle of the adjustable luminaires.
	Weight of the products in grams.
